About Plastic Bank

Short:

Plastic Bank® empowers the regenerative society. We build ethical recycling ecosystems in coastal communities, and reprocess the materials for reintroduction into the global supply chain as Social Plastic®. Our members receive a premium for the materials they collect which helps them provide basic family necessities such as groceries, cooking fuel, school tuition, and health insurance. Our proprietary blockchain platform secures the entire transaction and provides real-time data visualization – allowing for transparency, traceability, and rapid scalability.

Long:

Plastic Bank® empowers the regenerative society. We are helping the world stop ocean plastic while improving the lives of collector communities. Plastic Bank builds ethical recycling ecosystems in coastal communities and reprocesses the materials for reintroduction into the global manufacturing supply chain. Collectors receive a premium for the materials they collect which helps them provide basic family necessities such as groceries, cooking fuel, school tuition, and health insurance. Plastic Bank's proprietary blockchain platform secures the entire transaction and provides real-time data visualization – allowing for transparency, traceability, and rapid scalability. The collected material is reborn as Social Plastic® which can be easily reintegrated into products and packaging as part of a closed-loop supply chain. Plastic Bank currently operates in Haiti, Brazil, Indonesia, the Philippines, and Egypt.
